

Elizabethtown Social Center 2024/25 Platform Tennis Membership Agreement

The platform tennis court was built in 2004 as a cooperative arrangement between the Elizabethtown Social Center (ESC) and the platform tennis committee. ESC charges membership fees to cover expenses, promote membership and share the sport with our community's youth.

Platform Tennis Membership includes the following responsibilities. The cooperation of all members is necessary to keep the court properly maintained and in good sporting order.

Representation

The most effective way for ESC to interact with the platform members is through a Platform Representative(s). Representatives must be paid members and in good standing. Members' ideas and complaints should be directed to the Platform Representative(s).

Rules

The platform members will establish and enforce their own rules for platform tennis play, as long as they do not contradict those of the ESC, and will enforce those rules itself. Members should collect a guest fee of \$10 per day from their non-member guests. Members are responsible for examining the roster of paid members to determine whether a player should pay a guest fee. Alcohol is prohibited at ESC facilities.

Regular Use

It is the responsibility of members to shovel the court properly, use heaters appropriately, leave the court as found, and lock all locks upon departure. Fuel cans will be filled by ESC Staff for members to use in the heaters.

Recruitment

It is in everyone's best interest to recruit and encourage new players. A plentiful membership leads to the longevity of the sport and helps ESC justify maintaining, and eventually replacing, the facilities. It is helpful if all members promote the love of the sport to adults as well as youth in our community.

Repairs

It is the joint responsibility of the platform members and the ESC to keep the court in good repair. Platform members should bring potential repairs and maintenance to the attention of the Platform Representative(s).
